SPONSOR TESTIMONIALS

“

It was a great experience! Lots of foot traffic at our booth and great opportunities to network. The process of scanning leads with QR codes was fantastic and the attendee list was also very valuable! ... The event schedule was smart, and the roundtables seemed to work very well ... Loved the presentation setup and booth positioning. Interesting sessions with good speakers ... Planning and communication leading up to the event was really good ... Thank you Strategy Institute for putting together such a stellar event! Truly enjoyed participating this year, which is our 3rd in a row.

“

Attending the Big Data Canada Summit was a fantastic experience. The Strategy Institute team is incredibly hard-working and organized. The event provided an exceptional platform to showcase our solutions and engage with a diverse audience. I think overall the event is incredibly valuable ... It is our first time sponsoring, so I'm excited to see how it grows in the future.

“

10/10 experience! Big Data West is such a good show for us... The event was a great way to develop our brand awareness... and expand our outreach to new potential business. We also appreciated the catering and facilities as they were top-notch. It was a pleasure getting to see other software vendors and learning about what they do as well! There was clear communication from the SI team with lots of resources provided. They are always friendly and quick to provide logistical answers.

“

It was a privilege to sponsor the Data Analytics for Healthcare conference and connect with so many engaged, intelligent and thoughtful healthcare and data professionals ... Very high-quality event with lots of curious, keen potential clients with problems that fit what we can offer ... We saw tremendous potential and appetite to enable care with AI in ways that are safe, secure, private and deeply respectful of patients, and we are inspired by the many innovative, leading organizations across Canada that we can learn from and collaborate with.

“

10/10 for overall satisfaction. The experience was excellent! We had a great platform to connect with leaders, showcase our products and have insightful conversations ... Good atmosphere and plenty of engaging conversations. It was great reconnecting with existing customers and strengthening relationships. Good opportunity to meet new prospects and initiatives ... Everything at the event went smoothly and was well organized.

“

Really well done event ... Great leads and conversations across the board that were relevant to us. Overall, time and money well spent ... The content was interesting and engaging; the tracks were fantastic. Great panels.

“

Overall great experience – we had a lot of high-quality conversations at the booth, great turnout for our panel session, well organized, no hiccups. ... We really enjoyed working with the SI team and always felt that we had great support, even though we had some last-minute changes.

“

10/10 for overall satisfaction and quality of the event attendance. ...The sponsorship, program and production management were excellent! It made everything so easy. Quality program and audience. Well worth the time to be here!
